Bulkeley High School
Class of
1979

We, the Class of 1979, would like to dedicate this yearbook to a group of students who are the victors of a challenge they encountered four years ago. From the very first hesitant steps they took as freshmen in a strange new world, there was determination to try, to accomplish, and confidence which grew with success.

Now, as Seniors, we are proud to have been members of the ever changing community to be found here at Bulkeley High School.

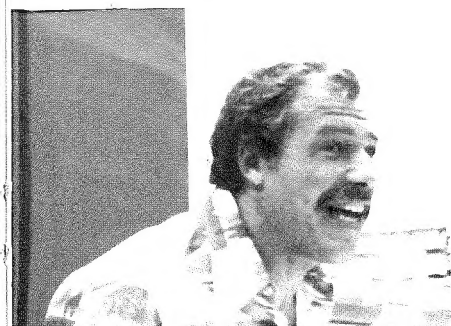

The rewards of the challenge we met and won are many; among them knowledge, understanding, cooperation, and especially friendship. Nowhere else can be found such a diversity of people working for a common purpose; the enrichment of mind, body and spirit.

Nothing can compare with the experiences we all had dealing with hardworking students and our dedicated staff. There were times of conflict and confrontation, hardship and frustration, but those were meant to learn from, not dwell upon. What we will cherish were the times we laughed, sang, danced, and cheered. Happiness is one of the greatest emotions we have tried to capture and preserve in the following pages.

To everyone we have met, from teachers to the underclassmen following in our footsteps, to everyone we have grown to love and respect, we would like to express our warmest thanks for making these past four years such an unforgettable experience.
